

**Verse One**

I feel a cold flush going through my hair  
And hey you know what  
I don't even care  
The time has passed me by  
It's gone with the wind  
It's only 'cause the sun shined once again  
Now the party's on  
Everybody's there  
And if you don't know anyone  
You'll still meet new friends  
**That's the way it is**  
When I have some time to think  
It's only 'cause the sun shined once again

**Chorus**

**Let the sunshine  
Let the sunshine for me  
Let it all go  
Let it all go for me  
Let the sunshine  
Let the sunshine for me  
Let it all go  
Let it all go**

**Solo**

So turn the lights off  
Ain't no one afraid  
When the night comes  
It'll be just like the day  
And without the day  
I am glowing from within its only 'cause the  
sun shined once again  
Now play that sweet tune  
Play it through the air  
And the volume

**All Parts**

ooh.....  
ooh.....  
ooh.....  
ooh..... Once again  
ba ba ba  
ba ba ba  
ba ba ba ba ba

## **Raise it up**

So don't ask me twice  
You know I'm gonna bid  
It's only 'cause the sun shined

ba ba ba  
ba ba ba ba  
ba ba ba ba

## **Once again, Ya**

### **Chorus**

**Let the sunshine  
Let the sunshine for me  
Let it all go  
Let it all go for me  
Let the sunshine  
Let the sunshine for me  
Let it all go  
Let it all go**

### **Bridge**

I know that the world is gonna smile again  
When we go from the darkness into the light  
Ooah  
won't you let the sunshine...  
Shine...

### **Chorus x 2**

Let the sunshine  
Let the sunshine for me  
Let it all go  
Let it all go for me  
Let the sunshine  
Let the sunshine for me  
Let it all go  
Let it all go
